

PRODUCT INFORMATION

Specifications Material Types

ASTM A 513	HR = Hot Rolled Steel
Type 1 – As welded from Hot Rolled Steel	HRPO = Hot Rolled Pickled & Oil
Type 2 – As welded from Cold Rolled Steel	CR = Cold Rolled Steel
ASTM A 787	Coated Steel, Galvanized w/Acrylic Clear Coat
ASTM A 500	Galvanized, Galvannealed, Galvalume

Please inquire about our ability to manufacture to other ASTM and industry specifications.

Surface Protection = A rust preventative is generally supplied on Cold Rolled and Hot Rolled Pickled and Oiled unless directed otherwise. Please specify on other material types.

Mill Length Capabilities Available End Finish

Maximum: 300 inches PCDD. Please inquire.	Punch Cut DeDimpled / Punch Cut Only
Minimum: 60 inches PCDD (Dependent on size and producing mill). Please inquire.	Haven Cut End Face / Haven Cut Only
Mill length tolerances: Please inquire.	Haven Cut Brush Deburr
	Other end finishes available upon request

Steel Grades = 1006-1026, HSLA

Steel Designations Haven Recut Length Capabilities

CS = Commercial Steel	OD Range: ¾ inch – 2 inches
DS = Drawing Steel	Length Range: 4 inches – 120 inches
DDS = Deep Drawing Steel	Standard Length Tolerance: + / - 1/16 inch
EDDS = Extra Deep Drawing Steel	Please inquire on restricted tolerances.
HSLAS = High Strength Low Alloy Steels	
PQ = Plating Quality
